

EEPOS MOBILE APP

Basic setup guide for students and parents

GENERAL INFORMATION

MOBILE APP FOR STUDENTS AND PARENTS

Eepos is now also available as a mobile app! The all-new Eepos app includes all the student and guardian tools you're familiar with and makes managing your studies more convenient than ever.

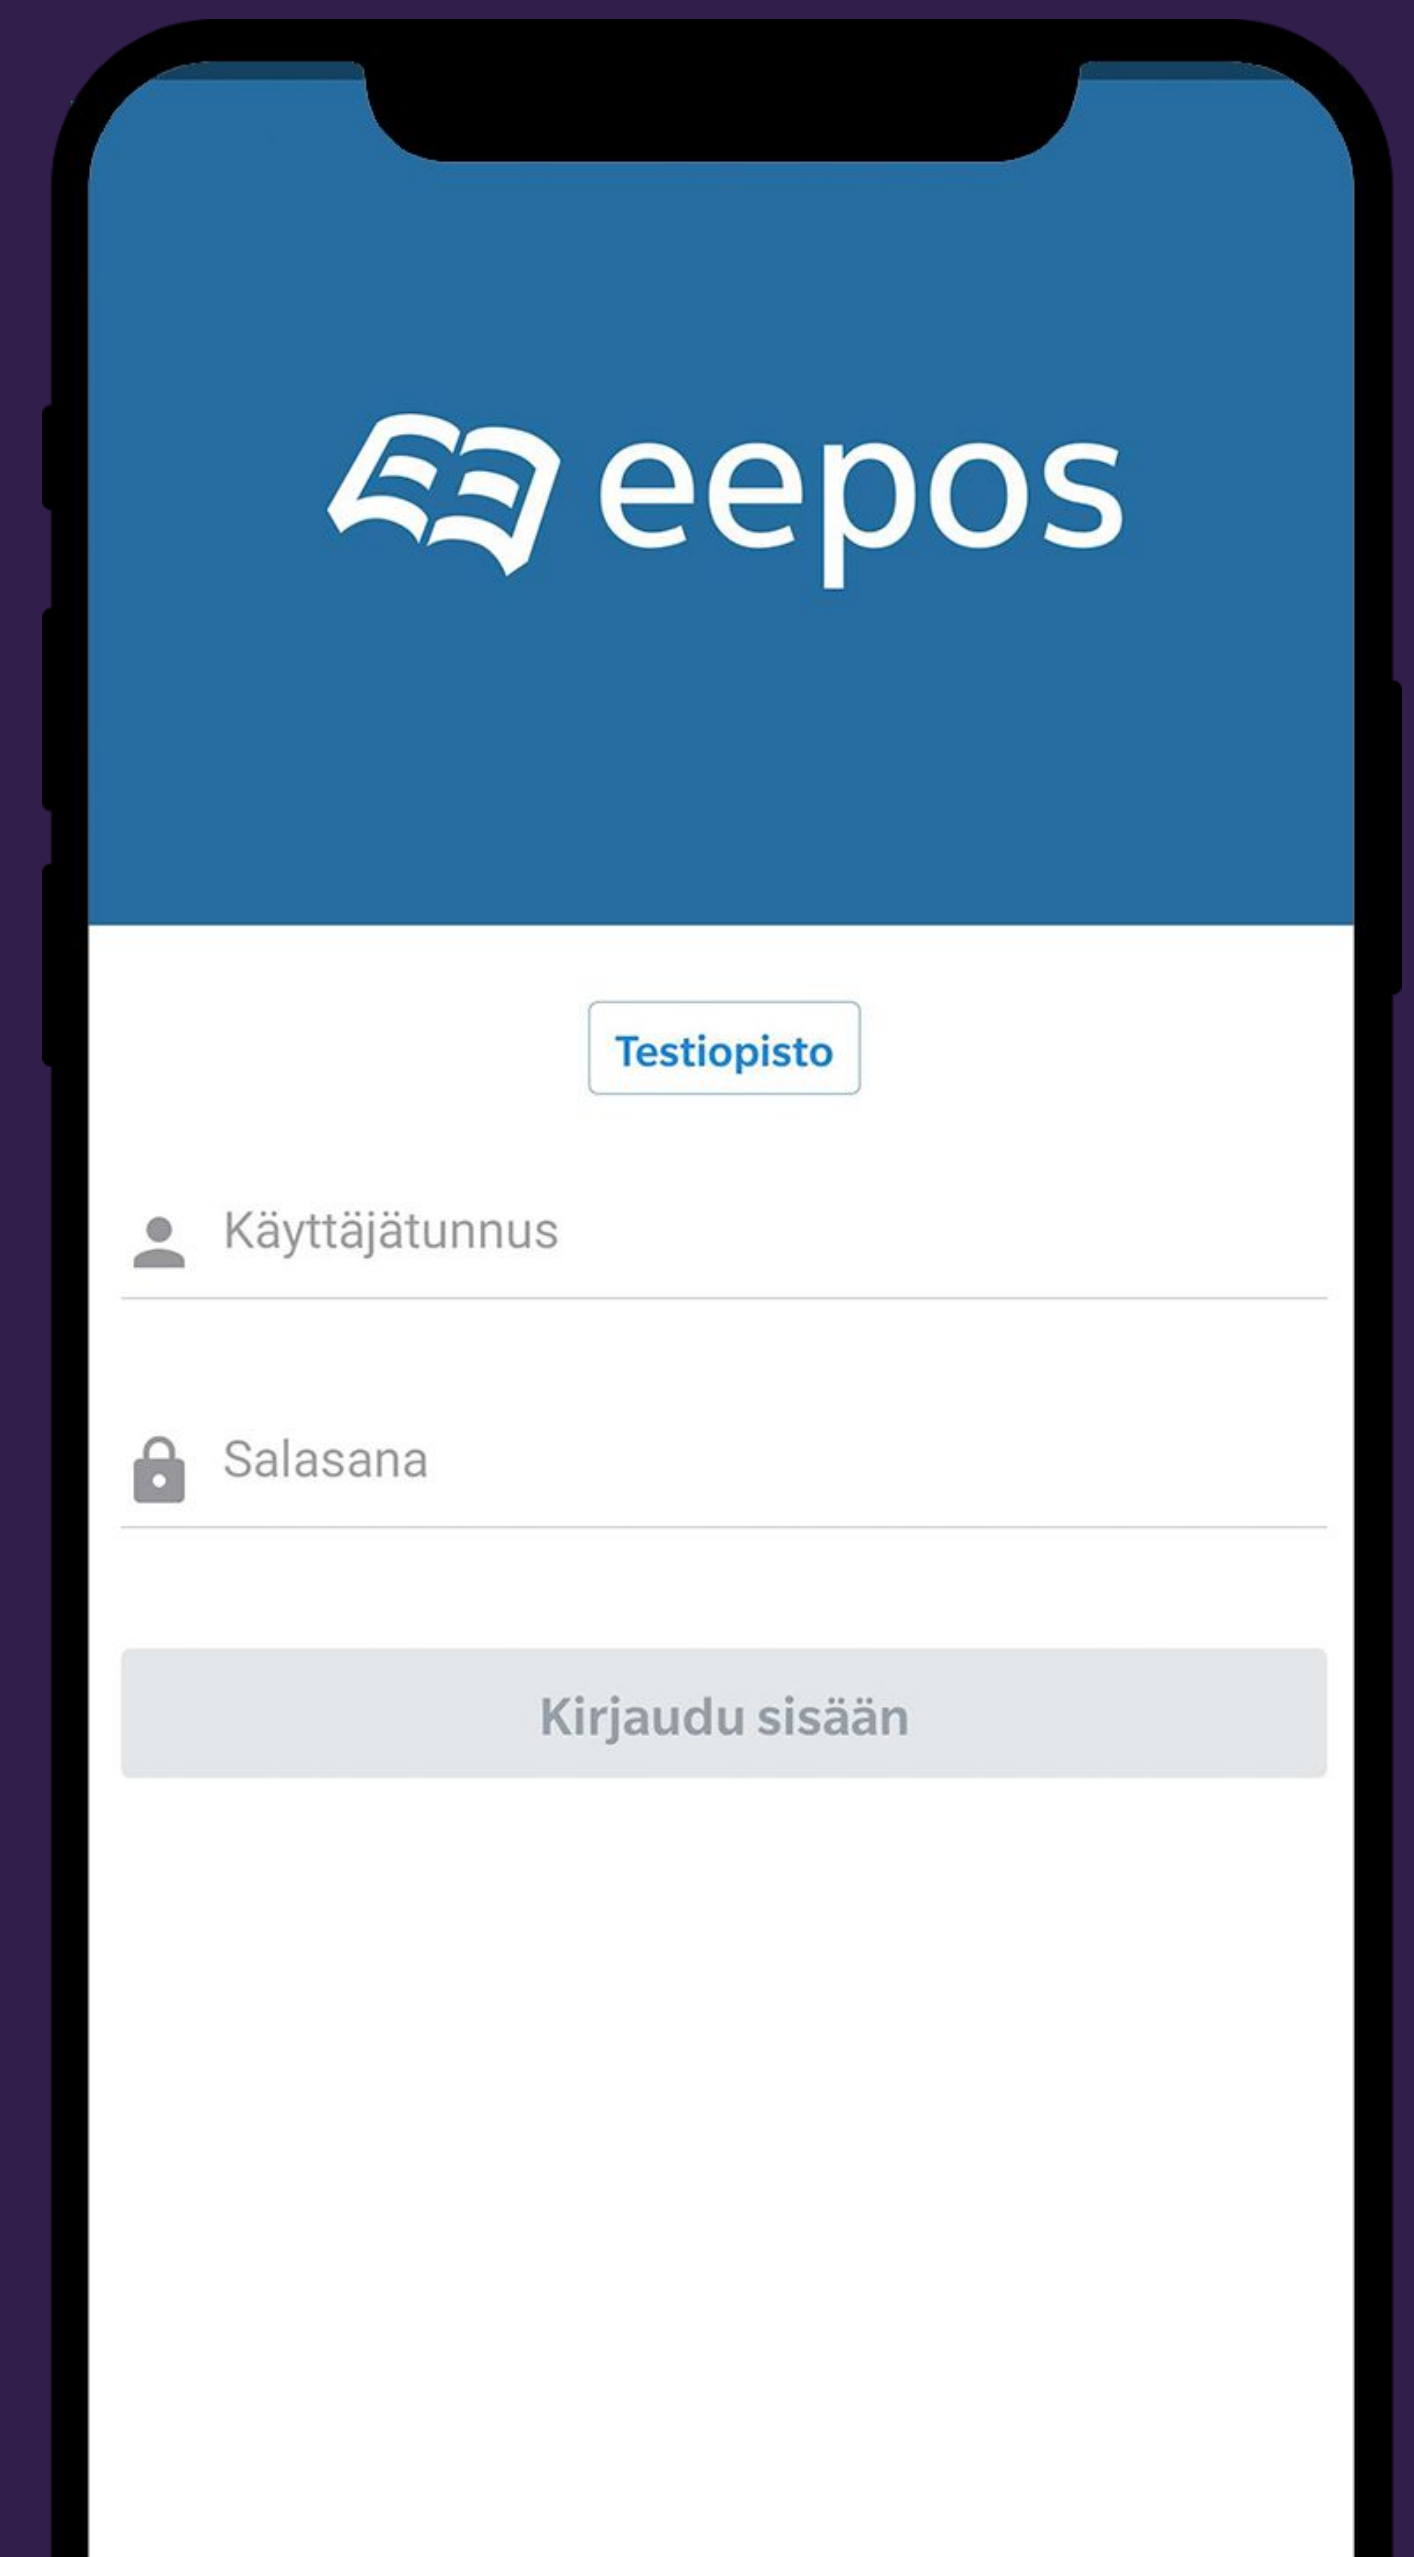

Eepos app brings the Eepos student portal right into students' and guardians' pockets in real time. The application gives you easy and safe access to your study information, notifies you about received messages and updates, and includes a student calendar, evaluations, and school bulletins, making it easier for students and teachers to work together.

You log in with the same credentials as on the website. The application will remember your login, so you only have to do it once.

In a nutshell:

- View and update study information in real-time
- Student calendars
- Student evaluations
- Communication and messaging for teachers, students, and groups

Download the app and find out more!

HOW TO GET GOING

INSTALLING THE MOBILE APP

The app is available on Android and iOS devices. You can log in with your student or guardian account.

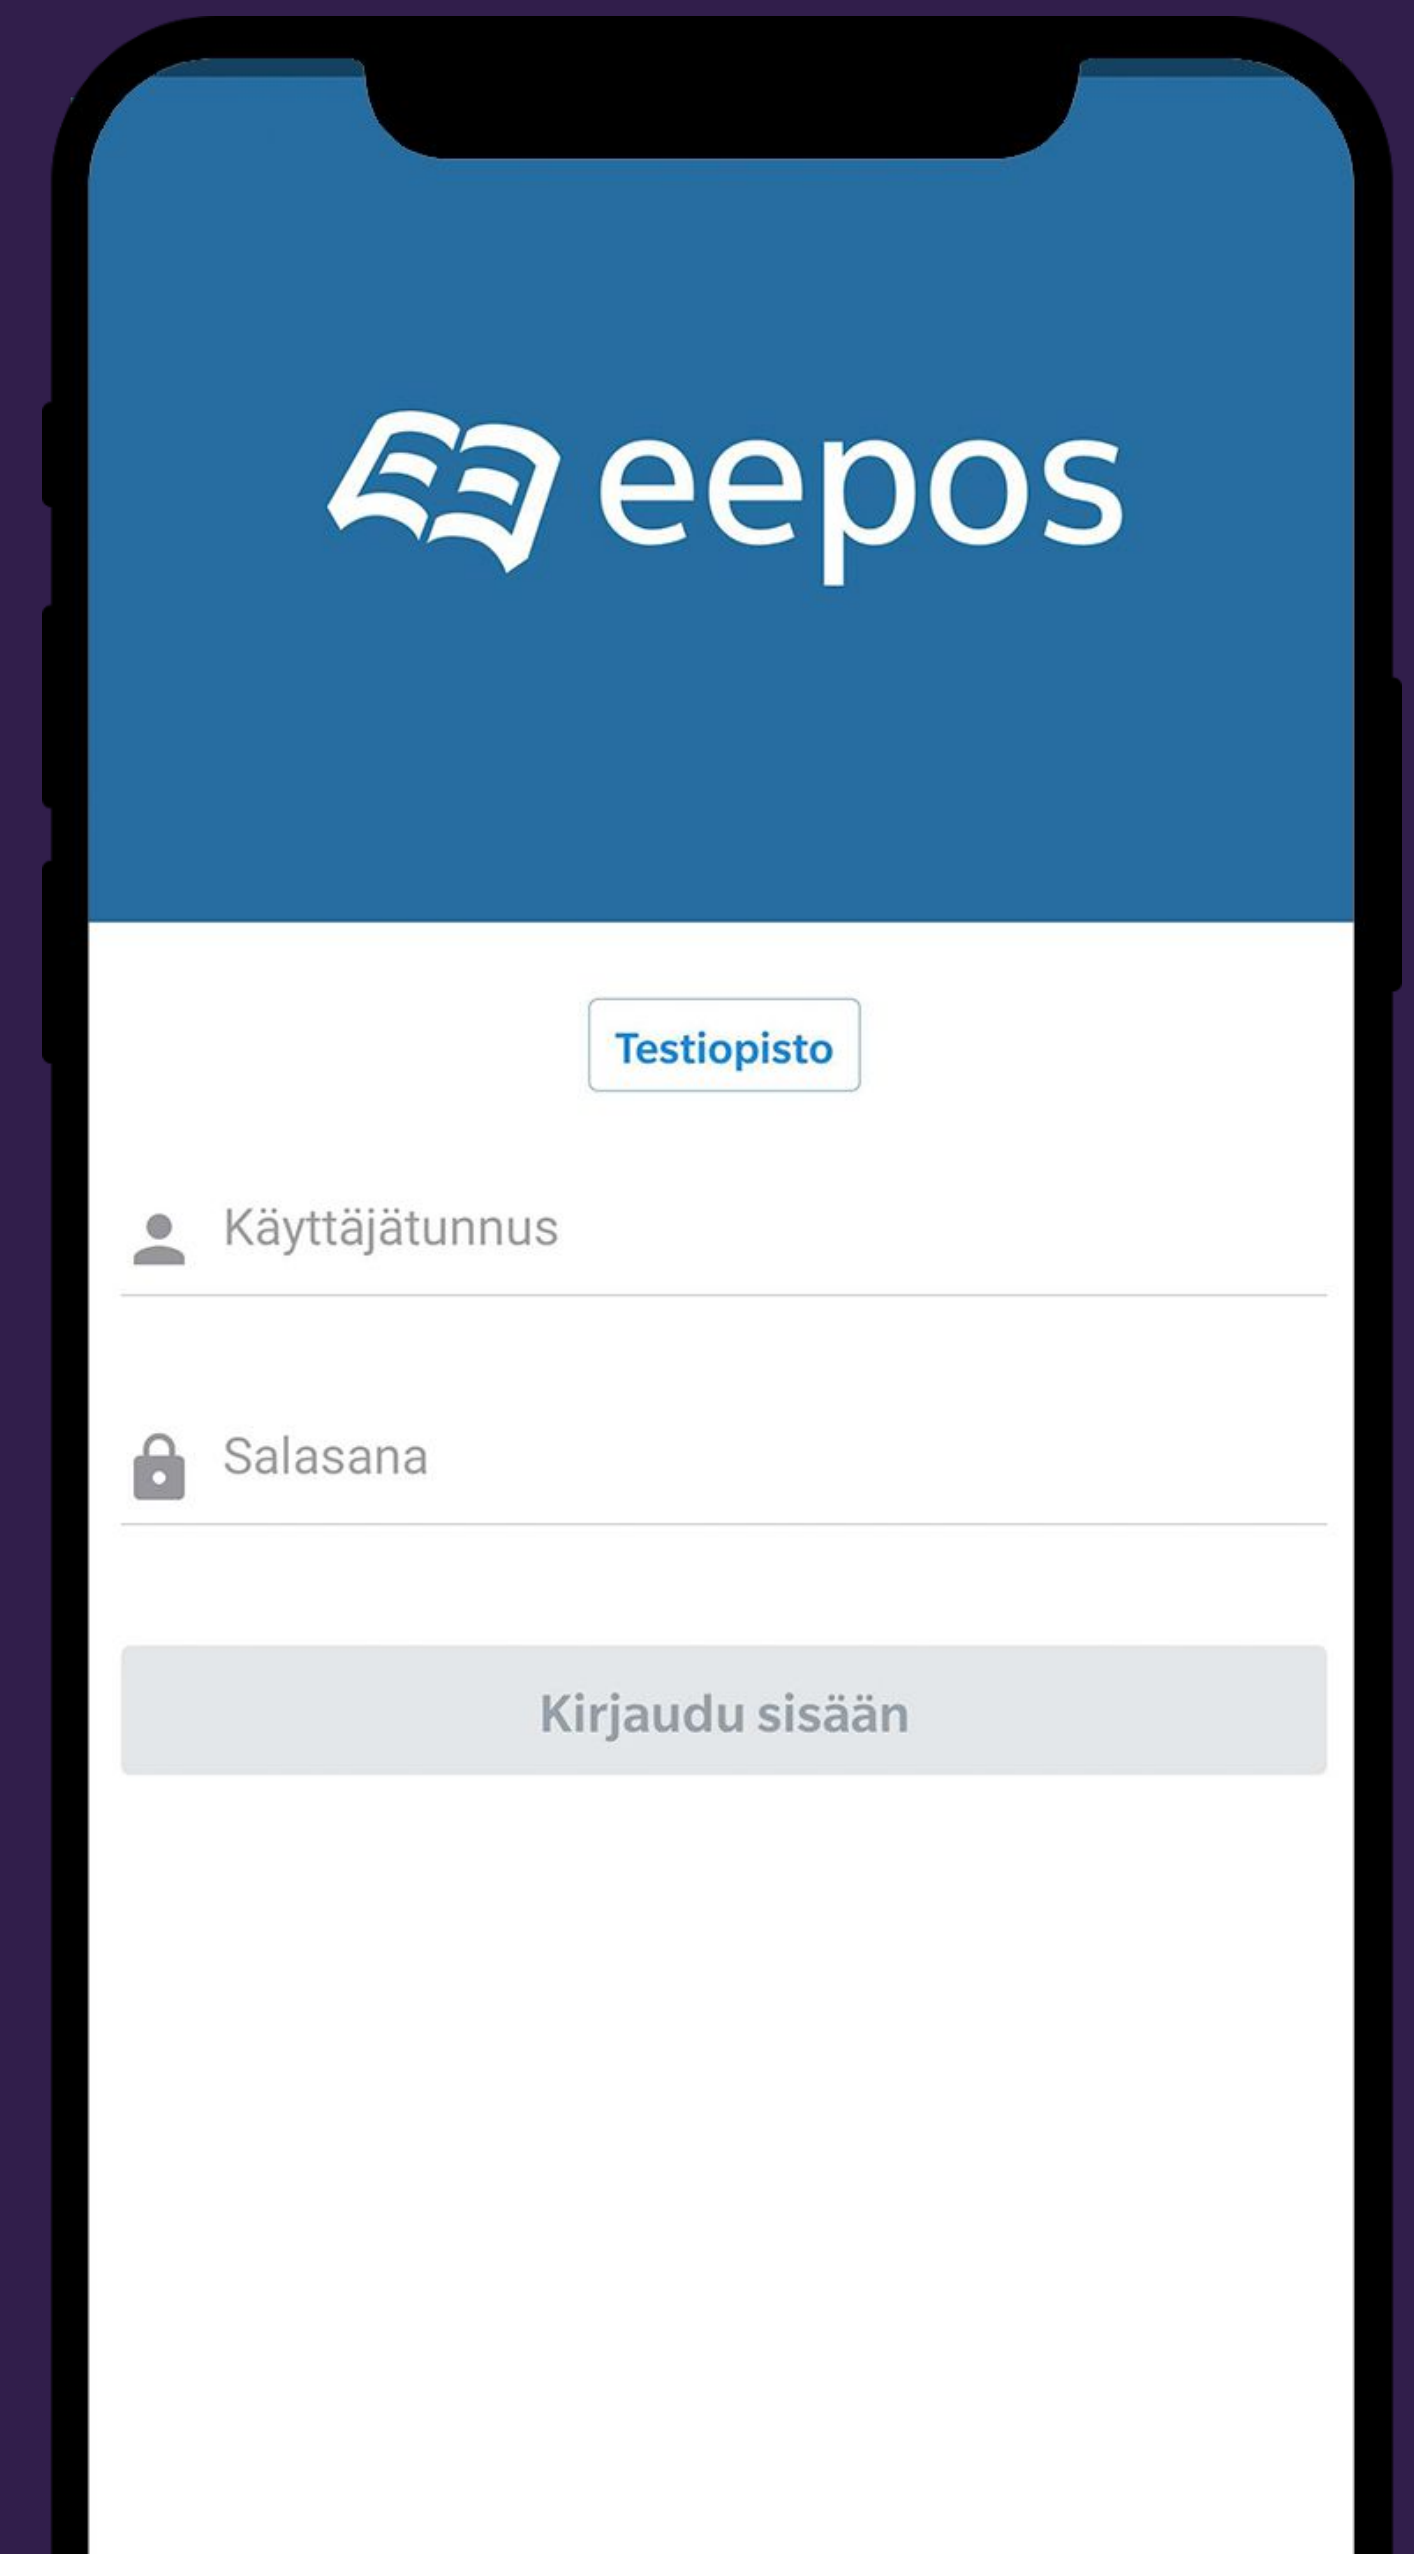

Download links

Android - Google Play Store

<https://play.google.com/store/apps/details?id=fi.oksidia.eepos>

iOS - App Store

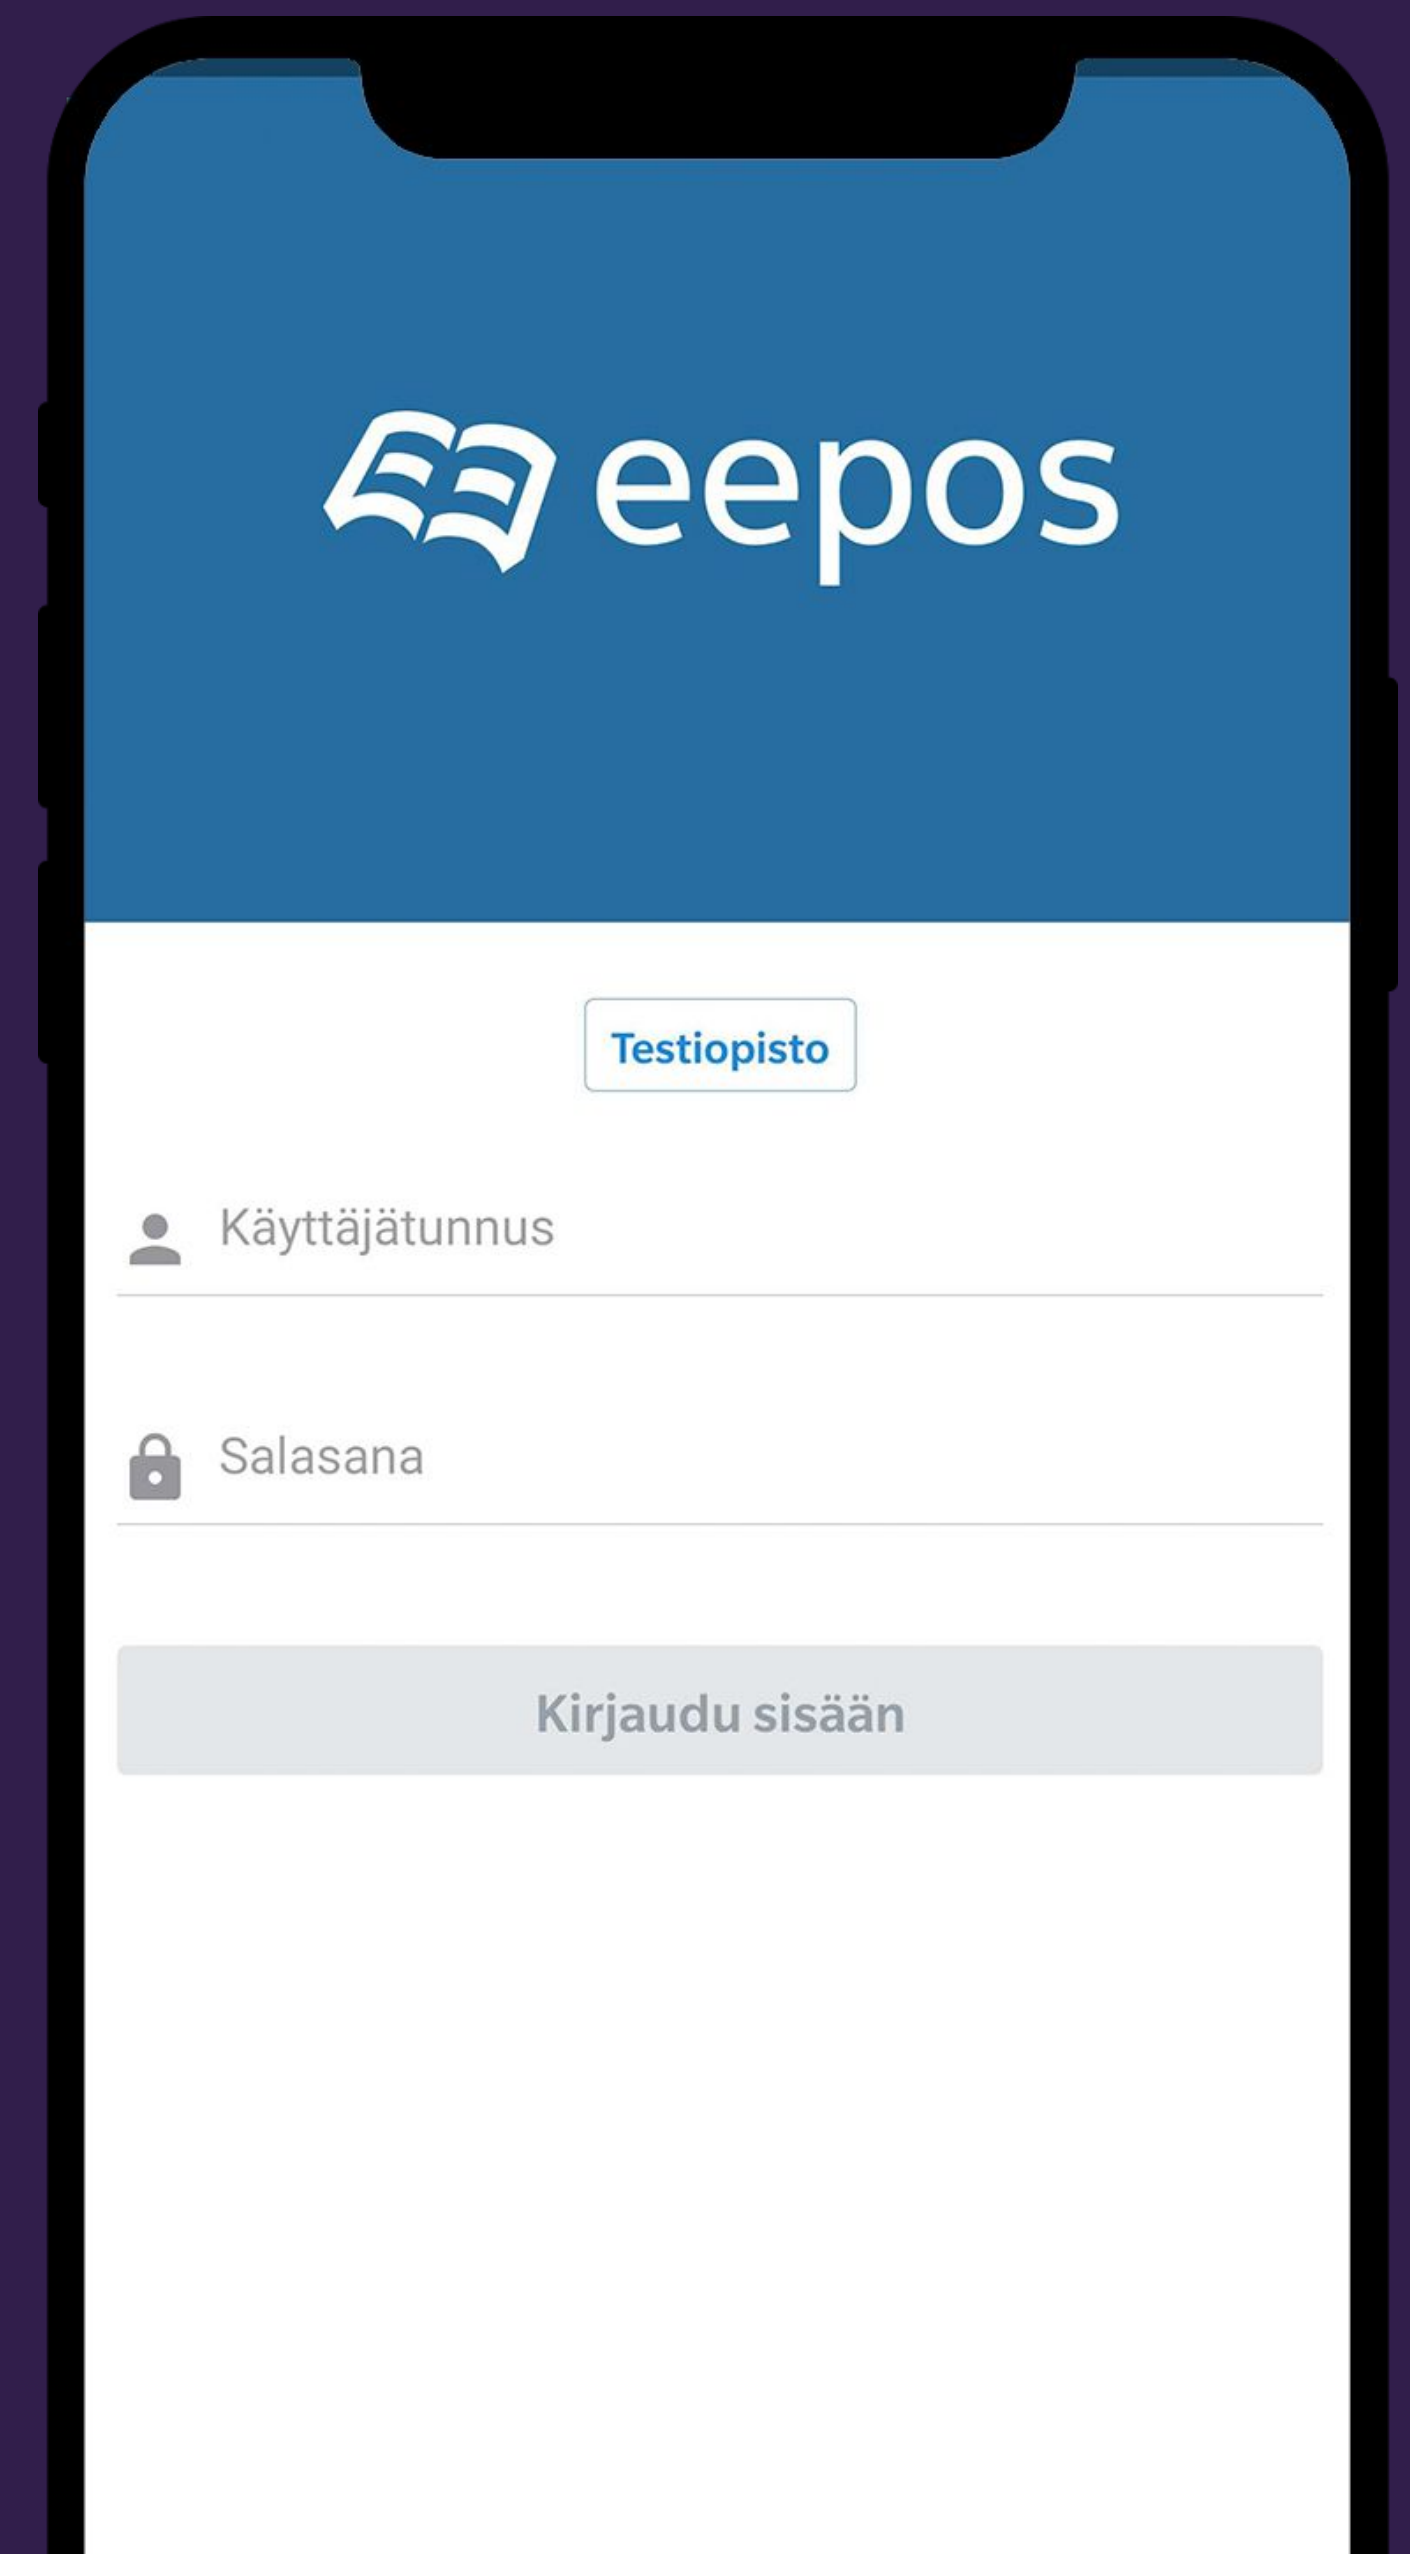

<https://apps.apple.com/us/app/eepos/id1498761537>

THESE STEPS WILL GET YOU STARTED

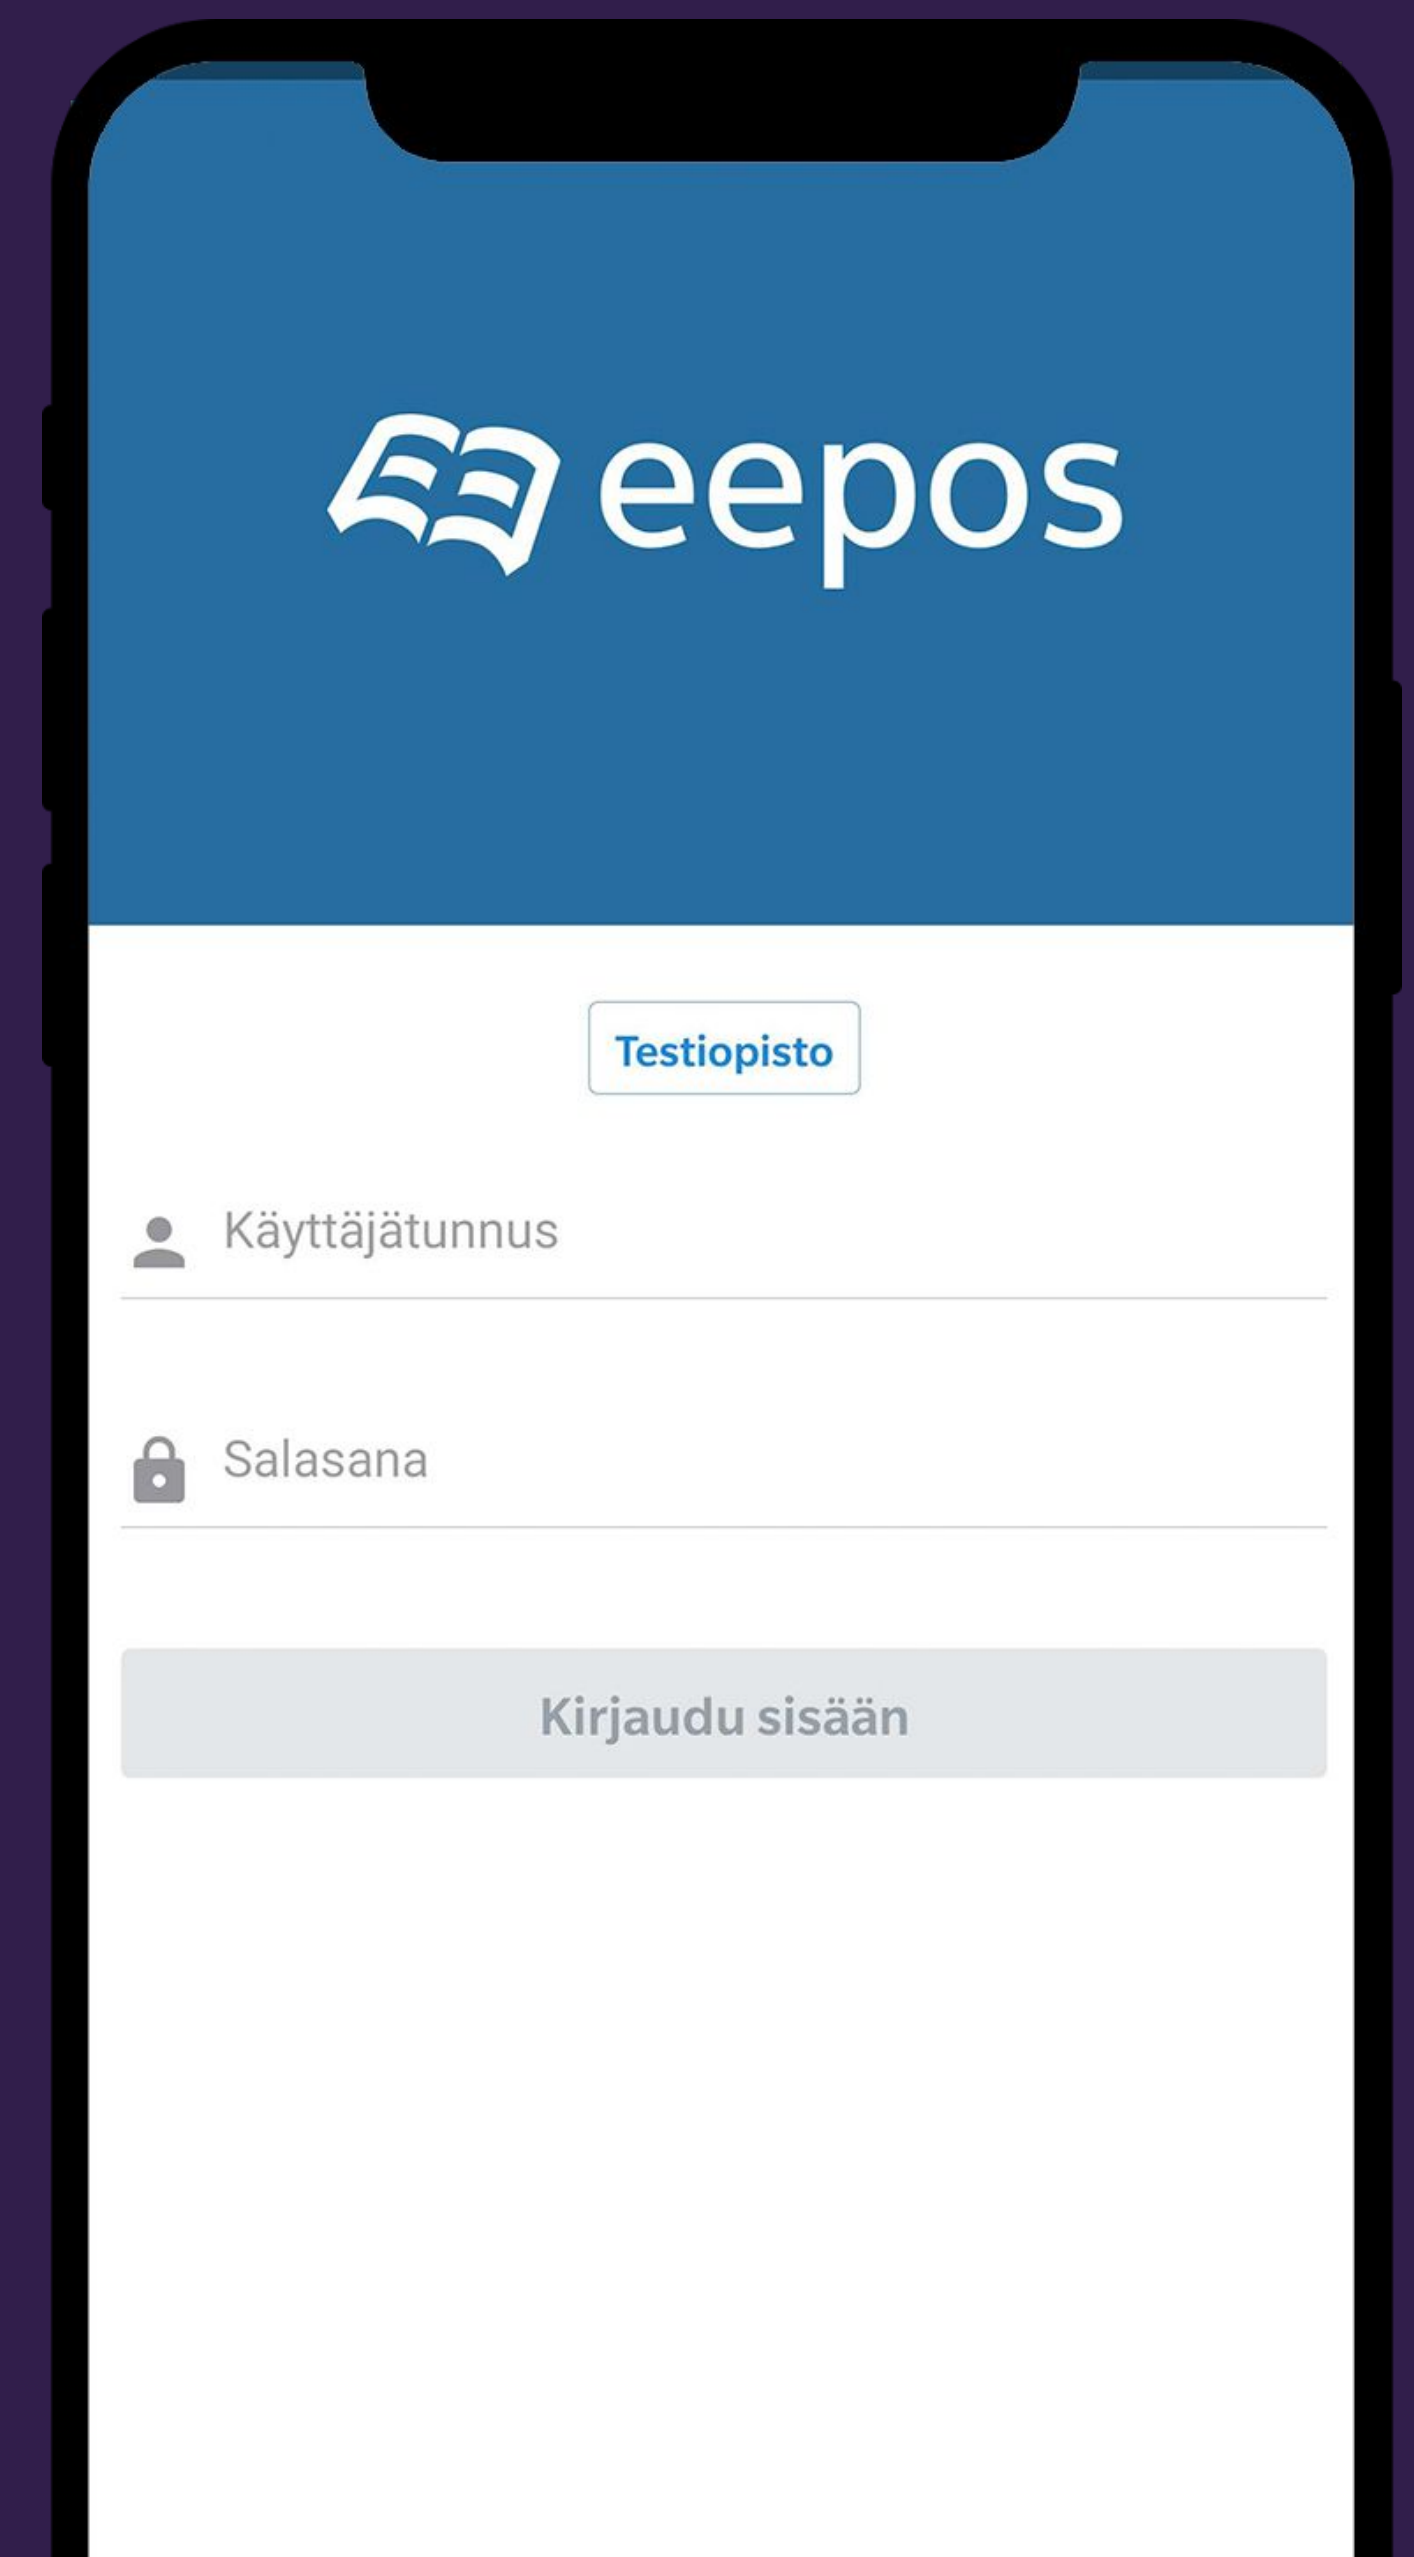

SETTING UP THE APP

1. Install the app from Google Play Store or Apple App Store. You can find the app with the keyword “eepos”.
2. Next you need to select your school. You can search for it by entering the school’s name in the search bar.
3. When you find your school on the list, select it by tapping it.
4. Log in with your student or guardian account. If you don’t have your login details, please contact your school’s administration for guidance.
5. When you log in for the first time you will see the student Timeline. Timeline lists all the different posts and messages related to the student or parent and sorts them by time, from latest to oldest. You can scroll down the list to find older information.
6. When the school or your teacher sends the student or parent any type of information, it will pop up at the top of the Timeline. Eepos will also send a push notification to the student’s and their parents’ mobile devices about it.

BASIC APP SETTINGS AND ADDING MULTIPLE ACCOUNTS

1. You can tweak the app's settings by selecting Settings from the main menu. You can change your language, manage your notification settings, or manage blocked users.
2. If you or your child studies in more than one school that uses Eepos, you can log in to the app with all of your accounts at once. Select **Change account** from the main menu and then press **Add new**.
3. Log in with the new account like guided on the previous page (steps 2 to 4) by selecting your school and entering the credentials for your student or guardian account.
4. When you have completed the login you can switch accounts by selecting **Change account** from the main menu.
